The tanner the parents the wilder the children.

There are rear seat drivers in every kind of job.

If you keep a good joke to yourself two days, you'll find that everybody's heard it.

All of us would like to think we are too important to warrant our hanging the window screens ourselves.

Most mothers of six children would have nerves and other fashionable ills if they had time.

Every ham actor is blessed with a large bump of conceit which is one more example of the law of compensation.

Why does the neighbor on your left always ask an intricate question just after you've taken a mouthful of salad?

A happy home is where your wife asks you how to pronounce a difficult French word, and then accepts your interpretation without question.

"I've stood more from that man than from any other person in the world—except my wife, of course," said an old man the other day.

Hang on to the work that you enjoy doing, even though the pay is small; twice the income at disagreeable work won't make you half as happy.

## CONCENTRATE YOUR ENERGIES

Andrew Carnegie said: "Concentrate your energy, your thought and your capital. Once you have started along a certain line, decide to follow it to the end. Adopt all improvements, have the best machinery, and learn everything you can. Business organizations that fail are those that scatter their capital, by which I mean they also have scattered their brains. You should decide to know the business which is your livelihood, to know it to the bottom so that you can be an expert in your specialty. Do not allow any man in your specialty to know more than you do. Study everything that has been done on earth in your specialty. The wise man puts all his eggs in one basket and watches the basket. If he is a coffee merchant his whole attention is given to coffee, if he is a sugar merchant his whole attention is given to sugar, and he leaves coffee alone. The only relationship that he maintains between coffee and sugar is when he mixes them in his cup. I have never yet met a man who was successful when he engaged in two different kinds of business."

## AFRAID OF BANKS, WIDOW

LOSES \$2,700.

Twenty-seven hundred dollars, wadded in an old stocking and bequeathed to her by her mother one year ago, was burned to ashes a few days ago when fire of undetermined origin damaged the boarding house of Mrs. M. E. Bahrendson, a widow in Montgomery.

The money, of \$5, \$10 and \$20 denominations, was crammed tightly into an old stocking and hidden away in a pile of old clothing in the built-in attic of Mrs. Bahrendson's home. No one knew of it except the proprietress.

"The money was carried by my mother for 40 years and was given to me when she died, Mrs. Bahrendson said. My mother was opposed to depositing money in banks because she had lost some that way once, and told me to keep it near, because I would possibly need it before I died, and I did, but the fire destroyed it."

After all there is only one safe place for surplus money, and that is in banks. "Suck bankers" should get a good lesson from the plight of the widow who has lost her small fortune.

# MISCELLANEOUS SHOWER FOR MISS VEAL

Miss Emma Louise Veal was the honoree at a miscellaneous shower Thursday afternoon, given by Mrs. R. L. Cooper. A color scheme of green and white was carried out in the decorations and refreshments. At the guests arrived on the porch, they were served delicious punch by Misses Wilma Veal and Louise Mitchell. At the door the guests were welcomed by Mrs. W. F. Cooper. Those receiving were: Mrs. R. L. Cooper, Miss Emma Louise Veal, Mrs. Veal, Mrs. Mike Maddox and Mrs. Otis Brooks. From here Mrs. D. C. Barnard ushered the guests to the bride's room where Mrs. H. C. Johnson presided. During the afternoon a reading by Mrs. Sam Rowe, a vocal solo by Miss Hazel Bonneau, and piano selections by Miss Annie Laurie Bullard were enjoyed. A variety contest, "The Art Gallery," was conducted by Mrs. J. A. Carney. The prize in the contest was won by Mrs. J. G. Wynn. Following this Mrs. W. F. Cooper announced that Maddox's Jibney was about to make a special delivery. At this time, Bessie Cooper and Billy Barnard brought in a miniature automobile and wagon loaded with lovely gifts for the bride. The bride served an ice course with pound cake.

The honoree was lovely beautiful on this happy occasion. She wore a powder blue frock which was becoming to her very rare type of beauty.

# The Peanut Shellers Say: "Your peanuts must be clean and properly harvested if top prices are expected" The New "LILLISTON" POSSESSES EVERY REQUIREMENT

COME AND SEE THEM IN OPERATION

"Harvesting and preparing your peanut crop for the market cannot be too carefully guarded if highest prices are expected," is the statement of Boyd & Murphree, local shellers. The Lilliston Plant is guaranteed to produce No. 1 grade peanuts, commanding \$10.00 to \$15.00 more per ton than the same quality not having been properly picked. They are certainly interested in equipment that will produce the highest grade products—your neighbors are also interested in such equipment, and will allow preference when picking fine arrivals. Don't be deceived, talk to your local sheller who pays the highest prices. Then come in and look over the New Improved Lilliston. It's new features are exceptionally desirable—its quality and performance is recognized by those having years of satisfactory experience.

Delays and expensive breakdowns are completely avoided with this dependable and inexpensive power Unit. The initial cost is surprisingly low, only \$175.00 Complete. It is an ideal power plant for many purposes around the farm, and promises to meet every requirement for peanut picking machinery. Dependable day after day service—low cost operation and maintenance—is evidence of its superiority that insures satisfied customers.
